

# **Dhirubhai Ambani International School Journal of Science (DAISJS)**

## **Aim**

To provide high school students the opportunity to have their research papers edited, expert reviewed and published in a scientific journal on the school website.

## **Subject matter**

All articles to be accepted must be related to a field within science, technology, engineering and/or math (STEM).

## **Submission requirements**

1. *No primary data collection must be done and also no experiments must be performed by students for the academic journal.*
2. The submission should have between 2 to 8 US Letter pages (excluding the appendix and bibliography).
3. The submission must be your own work, not intended for any school assignments or elsewhere.
4. No specific format or scientific method is required but an abstract, hypothesis, methods, results, conclusion, etc. may be included in your submission.
5. The submission should avoid errors in grammar, logic and mathematical calculation.

## **Formatting requirements**

- Times New Roman, size 12
- Double-spaced
- 1-inch margins
- Single column

## **Value to submitter**

Unlike most scientific journals, the DAHSJS is not just open to, but exclusively directed towards authors in high school. It provides them with a platform to showcase their research publicly and in doing so, gain recognition. This is a novel opportunity, especially for students in India.
